Mrs Green's Weekly Message:

This week has been lovely, as we were able to welcome in families from Reception and Year One who shared Autumn crafts with their children, thanks to Gateshead Family Learning. The feedback was so positive, that we are hoping to extend this across the year and we are also planning some class events within different year groups, too.

During this week, many children have been thinking about the roles they would like in school and the extra curricular opportunities that they would like to take part in. If you haven't had confirmation yet from an after school club, we will be getting this to you as soon as we can.

We are now ready to introduce our homework tasks to the children. Many children and families do like to practise their core subject skills and earn certificates along the way so, at Fellside, we set three homework tasks each week: maths (either Numbots or Times Table Rockstars), reading and spellings. Alongside this newsletter, there are letters regarding our Numbots program which is used from Year Three upwards.

Miss Robson, our Maths Lead, has been working hard behind the scenes to finalise our new calculation policies. If you would like to see how we teach your children, the policies are available via the website: [Fellside Community Primary School - Mathematics](#)
We would very much like to share our maths learning with you and have been discussing family learning sessions which we hope to put on throughout the year to show you what our children can do – you might learn a few tricks along the way, too. Watch this space...
